

What you can do?

Talk to your child about bullying and what they have learned about bullying in school.

Model non-bullying behaviour and show respect and empathy for others.

Teach your child how to use a tablet, a console, a mobile phone and the internet safely and remember to monitor their use.

If your child is being bullied...

Praise your child for telling.

Talk about feelings and work on restoring your child's confidence.

Help your child to think about what they would like to happen.

Try to be calm, being careful of how you talk about the child who has bullied your child (reconciliation is the best solution).

Tell your child that you will ask their teacher or Mrs McConway or Mr Conlon for their help.

Inform the school of your concerns.

Teach your child strategies to stay safe.

If your child is displaying bullying behaviour...

Talk to your child about bullying and what they have learned about bullying in school.

Try not to call them a 'bully' - a label can stick. Stay calm and remind them that you love them - it is the behaviour that you do not like.

Talk to them about how the other person feels - they may not realise how much they are hurting, frightening or upsetting the other person.

Co-operate with the school to work out an action plan involving sanctions and consequences.
