# ICT – Computational Thinking and Coding using

<u>Scratch.</u>

The children can keep their coding skills sharp by completing some of the 'walk through' tutorials on Scratch.

Scratch can be accessed from home by:

1. Visiting the following website https://scratch.mit.edu/ and selecting **CREATE**.
2. The Tutorial tab (with a light bulb icon) can be found at the top of the page.
3. Once Selected the children can choose a tutorial to complete from the categories below:

4. Below is a table of suggested tutorials for the different classes. You can use these as a starting point and then allow you child to pick others if they want to challenge themselves some more.

Foundation Stage	Key Stage 1	Key Stage 2
• Add a Sprite • Glide Around	• Code a Cartoon • Make it Fly • Animate a Sprite • Add a Backdrop	• Make a Chase game • Animate an Adventure Game • Use Arrow keys • Make Music
